■ Can you find all 10 differences on the menus?

# INFORMATION-GAP ACTIVITY

# Restaurants

**Aims** Speaking and listening practice / reading practice (scanning)

**Level** Intermediate

**Time** Approx. 20 – 25 minutes

## NOTES

### (1)

Have your students sit in pairs, preferably face to face. Lead in with the question of how what kinds of information you might find on a restaurant menu (for example: opening times, phone numbers, food choices, prices, etc.)  
(5 minutes)

### (2)

Distribute the handouts, “A” to one student in the pair, and “B” to the other. Tell them not to look at each other’s handout, but that they must read aloud and describe carefully their menu to their partner. Tell them that there are ten differences they must find and that they have only twelve minutes to find them. After the allotted time has passed, elicit all ten differences from your students.  
(15 – 20 minutes)

## ANSWER KEY

1. The words on the coffee cup picture are different.
2. Ad **A**: Call 555-0114  
Ad **B**: Call 555-0141
3. Ad **A**: Iced Coffee (L) \$5.49  
Ad **B**: Iced Coffee (L) \$5.99
4. The order of the Veggie and Club Sandwiches is reversed.
5. Ad **A**: Desserts  
Ad **B**: Dessert

6. Ad **A**: Apple Pie \$4.99  
Ad **B**: Apple Pie \$4.95

7. Ad **A**: Banana Split is on the menu  
Ad **B**: There is no Banana Split

8. Ad **A**: Thank you for visiting. Come again soon!  
Ad **B**: Come again soon! Thank you for visiting.

9. The picture of the French fries is different.

10. Ad **A**: Since 1987  
Ad **B**: Since 1978

## EXTENSION ACTIVITY:

Use the menu in a role play. Seat students in small groups and assign the role of waiter and/or waitress to a few other students. Which waiter or waitress can take the most orders correctly in only five minutes?  
(10 minutes)

## IDEA!

Bring in a real menu and create your own questions! For example: “Which menu item is most expensive?” / “How many Dessert menu items are there?” / “Which two menu items would you most like to order?” etc.
