Daily Routine ... in Space!

Do you want to live in **space**¹? The best place to live in space is on the International Space Station. It is a place for people to learn more about space. It is **located**² between 330 and 435 kilometers above the earth. Life on the Space Station is different. Like many people here on Earth, people there wake up and brush their teeth, take showers and wash their hair. But they must be very careful. They must be very careful because they don't want to use lots of water. They must use **special**³ **soap**⁴ and **shampoo**⁵. When they eat breakfast, they must eat food they first bring with them from Earth. Again, they must be careful because they don't want their food to **float**⁶ away! After people on the Space Station finish breakfast, they start their work. They don't have to take a bus or a taxi. Their work is on the Space Station! After work, the people there must do exercise. It is not easy to stay strong in space, so they exercise for more than two hours every day. They can exercise with running **machines**⁷ and **cycling**⁸ machines. For fun, people on the Space Station can read books, watch movies, listen to music and look out the windows at Earth. One time every week, they can also talk with their friends and families back home.
