## ACTIVITY NOTES

Have your students sit in pairs, preferably face to face. Distribute the handouts, “A” to one student in the pair, and “B” to the other. Tell them not to look at each other’s handout. Instead, they carefully describe their picture to their partner. Tell them that there are seven differences they must find and that they have only fifteen minutes to find them. After the allotted time has passed, elicit all the seven differences from your students. (15 – 20 minutes)
